A MESSAGE to OUR MANY GOOD FRIENDS

L. J. Rambo's Wholesale Nurseries have been supplying the majority of America's trade with small fruit plants for many years, and have developed enviable reputations as to honesty in all dealings and quality and quantity of stock. It is our honest opinion that better small fruit plants cannot be grown anywhere. As to prices we realize they are very high but are certain that you will find us well in line.

We wish to take this opportunity to thank our many customers for all of the many favors shown us in the past. We likewise thank you and all prospective customers for examining this small list and trust that it will be our privilege to serve you to the best of our ability in these times of uncertainty and scarcity. Please accept our best wishes to you.

Most stock will be in outside heeling ground during winter, so arranged to make winter shipping possible. Other stock will be in storage. On spring shipment of tip plants it is our intention to use fresh spring dug plants.

We will have available plenty of cold storage space to help keep certain stock more dormant for spring shipment.

L. J. RAMBO'S WHOLESALE NURSERIES.
